## Material Safety Data Sheet

Prepared/Revised on: November 16 2014  
MSDS No. 3240 (1)

### 1. Information on the product and the company

Product name: **Slipway 145mm x 30m Yellow**  
Company name: **Le Mark Self Adhesive Ltd**  
Address: **Unit 1 Houghton Hill Industries, Sawtry Way, Huntingdon, PE28 2DH**  
Department:  
Tel: **+44 (0) 1480 494540**  
Fax: **+44 (0) 1480 494206**  
Emergency tel: **As Above**

### 2. Hazards identification

GHS Classification(adhesive as compound)

Physical chemistry danger:

Gunpowders	Not classified
Flammable gas	Not classified
Flammable oxidize gas	Not classified
High pressure gas	Not classified
Inflammable liquid	Not classified
Inflammable solid	Not classified
Self-reactive chemicals	Not classified
Spontaneous combustibile liquid	Not classified
Spontaneous combustibile solid	Not classified
Water reactive flammable chemicals	Not classified
Oxidized liquid	Not classified
Oxidized solid	Not classified
Organic dioxide	Not classified
Metal corrosive substance	Not classified

**Hazards for health:**

Accute toxicity (oral)	Not classified
Accute toxicity (skin)	Not classified
Accute toxicity (inhalation:gas)	Out of classification
Accute toxicity (inhalation:dust, mist)	Out of classification
Skin crrosion, irritation	Not classified
Serious damage, irritation for eyes	Not classified
Respiratory organ sensitization	Not classified
Skin sensitization	Not classified
Cerm cell mutagenicity	Not classified
Carcinogenicity	Not classified
Reproductive toxicity	Not classified
Specific target organ systemic toxicity (single exposure)	Not classified
Specific target organ systemic toxicity (repeated exposure)	Not classified
Aspirated respiratory hazards	Not classified

**Hazards for environment:**

Acute hazards to the aquatic environment	Not classified
Chronic hazards to the aquatic environment	Not classified

**Pictograph or Symbol:**

Signal ward: Not applicable.

**Hazard Risk Statement:** Prolonged application to the skin may cause inflammation.

**Precautionary Statement:** Obtain special instructions before use.

**Prevention** Do not handle until all safety precautions have been read and understood.

Keep away from ignition sources such as heat/sparks/open flame-No smoking.

Wash hands thoroughly after handling.

Do not eat or smoke in service.

In case of adverse exposure to vapour and/or Aerosols formed at elevated temperatures, Immediately remove the affected victim from Exposure. Administer artificial respiration If breathing is stopped. Keep at rest

First aid is normally not required. Seek medical Attention if discomfort occurs.

### 3. Composition and information on ingredients

Single chemical substance or compound: Compound

Generic name: Processed Tape (Cloth pressure sensitive adhesive tape)

Chemical characteristics (chemical formula, etc.): Not applicable

Components:

Components name	Content(wt.%)	CAS No.	Safety and Health Low(Japan)
Natural rubber pressure sensitive adhesive	54 ~ 64	Not opened	Not applicable
Cloth	14 ~ 24	Not opened	Not applicable
Polyethylene	11 ~ 21	9002-88-4	Not applicable
Polypropylene (Film)	1 ~ 11	9003-07-0	Not applicable
Dibutyltin dilaurate	<1 ppm	77-58-7	Not applicable

#### 4. First-aid Measures

- In Case of Inhalation : Remove to fresh air. Get medical attention if ill effects persist.
- In Case of skin Contact : Remove from skin and wash thoroughly with soap and water or waterless cleanser. Get medical attention if irritation or other ill effects develop or persist.
- In Case of Eye Contact : Immediately flush with water. Get medical attention.
- In Case of Ingestion : Get medical attention if ill effects persist.

#### 5. Fire-fighting Measures

- Extinguishing Media : On large fires use chemical, foam or water spray. On small fires use carbon dioxide(CO<sub>2</sub>),dry chemical or water spray. Water can be used to cool fire exposed containers.
- Specific Hazards during Fire : Vapors are heavier than air and may travel to a source of ignition and flash back. Static electricity will accumulate and may ignite Vapors. Prevent a possible fire hazard by bonding And grounding or inert gas purge.
- Specific Fire Fighting : Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool.
- Protection for Fire-fighter :Self-contained breathing apparatus and protective clothing Should be worn in fighting large fires involving chemicals. (CO, CO<sub>2</sub>, etc.,)

#### 6. Accidental release measures

- Personal Precautions : Not applicable.
- Environmental Precautions : Not applicable.
- Recovery : Clean up waste and remaining material.

## 7. Handling and storage

Handling	
Technical measures	. Avoid skin and eye contact. Avoid breathing vapor.
Local and General Ventilation	: Please refer to section 8 Ventilation
Precautions	: Not applicable.
Safe handling advice	: Not applicable

Storage	
Technical measures and Storage conditions	:Static electricity will accumulate and may ignite vapors. Prevent a possible fire hazard by bonding and grounding or inert gas purge. Keep container closed and away from heat, sparks, and flame. Recommend to store in cool and dark place.
Packaging material	:Not established.

## 8. Exposure controls / Personal protection

Engineering measures	
Local ventilation	: Recommended.
General ventilation	: Recommended.
Personal protective equipment	
Personal protective equipment for routine handling	
Respiratory protection	:Use respiratory protection unless adequate local exhaust Ventilation is provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines.
Suitable respirator	: Unnecessary.
Hand protection	: Unnecessary.
Eye protection	: Use proper protection-safety glasses as a minimum.
Skin protection	: Unnecessary.

## 9. Physical and chemical properties

Physical State	: Solid
Form	: Roll or Sheet

## 10. Stability and reactivity

Possibility of Hazardous : Hazardous polymerization will not occur.

Reactions

Hazardous Decomposition : No information available

Products (Excluding carbon-oxide, carbon-dioxide, water)

## 11. Toxicological information

Acute toxicity

Acute toxicity(oral) : Not classified (No information available)

Acute toxicity(skin) : Not classified (No information available)

Acute toxicity(inhalation:gas) : Not classified

Acute toxicity(inhalation:vapour) : Not classified

Acute toxicity(inhalation:dust, mist) : Not classified (No information available)

Skin corrosion, irritation : Not classified (No information available)

Serious damage, irritation for eyes : Not classified (No information available)

Respiratory organ sensitization : Not classified (No information available)

Skin sensitization : Not classified (No information available)

Germ cell mutagenicity : Not classified (No information available)

Carcinogenicity : Not classified (No information available)

Reproductive toxicity : Not classified (No information available)

Specific target organ systemic toxicity (single exposure) : Not classified (No information available)

Specific target organ systemic toxicity (repeated exposure) : Not classified (No information available)

Aspirated respiratory hazards : Not classified (No information available)

## 12. Ecological information

Ecotoxicity

Environmental effects

Acute : Not classified (No information available)

Chronic : Not classified (No information available)

## 13. Precautions upon disposal

Residual wastes: Disposal must be in accordance with current applicable laws and regulations, and material characteristics at time of disposal.

## 14. Transport information

International rules: Not applicable

United Nations classification and United Nations number: Not applicable

Precautions during transportation: Avoid water leakage and rough handling so as not to damage the packaging.

## 15. Regulatory information

When you dispose at your company, or when you commission to disposal, please follow regulation of your own country.

## 16. Other information

Handling of information contained herein: The material safety data sheet offers reference information necessary for the safe handling of the dangerous and/or hazardous chemical products to the organizations that handle such products, which must use the information and recognize that appropriate measures should be taken, at their own responsibility. This data sheet itself does not guarantee safety.
